About

A junior level software engineer with experience using Java and Spring. I have a strong passion for programming, problem solving, and enjoy building applications that improve and enhance people's lives in various aspects. I am a very hands-on individual who learns best by experimenting on new concepts and projects.

Languages & Skills

Java, JDBC, JPA, Hibernate, Spring Boot, Thymeleaf, JUnit, Test Driven Development, Agile Development, IntelliJ w/ Debugger, HTML, CSS, JavaScript, Node, Express, Mustache, Git

Experience

The Iron Yard | Atlanta, GA

May - August 2017

The Iron Yard is a 12-week coding bootcamp specializing in highly focused, immersive training centered on language fluency, object-oriented programming, and project-based learning.

- **College Book Buy | Collaboration** | A marketplace that allows college students to buy and sell books from each other, allowing for faster transactions, and allowing students to sell for more than they would if they sold to the bookstore or other third party resellers
 - Technologies used: Java, Spring, Thymeleaf, PostgreSQL
 - Code: <https://github.com/CCGADevelopment/Fullstack-Java>
- **TIY-Hackathon Project | Collaboration** | A Java-based backend API, designed to allow users to see and join events, make acquaintances with other people at an event, and attach personal notes to other people
 - Technologies used: Java, Spring, PostgreSQL
 - Code: github.com/windspinks/Hackathon-Project
- **Gabble | Individual** | A social media web app allowing people to create public 'Gabbles', short 140-character messages, for anyone to see and like
 - Technologies used: Node.js, Express, Mustache, SQL, Postgres, Sequelize
 - Code: github.com/windspinks/gabble
 - Heroku: [Gabble \(Might take some time to load at first\)](#)
- **Film Club | Individual** | A simple static webpage, demonstrating knowledge of responsive web design
 - Technologies used: HTML, CSS
 - Code: [Film-Club](#)

Education

Georgia State University | Atlanta, GA

2013 - 2015

Pursued a CS degree
